Dear comrades,

Core Committee submitted its report to the Board on 13.01.2014. To discuss the report of the Core Committee on allocation of posts, a meeting was convened by the Member (P&V), CBDT with the representatives of ITEF and ITGOA on 16th and 17th January, 2014.

The discussion mainly centred on different yardsticks adopted by Sub-Committee for Allocation of posts, Core committee and that of ITEF. Further the stand taken by the Sub-Committee to consider entire sanctioned strength (Existing SS and Addl. Post sanctioned by the Government) for determining the allocation was discussed. Thirdly, modification carried out by Core Committee was also discussed. There was unanimity in both sides that the decision of the Union Cabinet and mandate of the Sub-committee and Core Committee were only with regard to the additionally sanctioned posts. Though the broad yardsticks adopted by ITEF and the Official Committee were similar viz. Work load, Révenue Collection, Stagnation and Geographical area, the percentage and basis adopted to formulate the entitlement were different. The representatives also put forth to the authorities that we are inclined to have minor adjustments in the percentage adopted if the authorities are ready to work out the allocation after carrying out required adjustments with regard to major changes taken place after the 2001 cadre restructuring. The meeting was concluded with the assurances of the Member (P&V) to discuss the outcome in the Board meeting and reverting back to us at the earliest.

From the nature and outcome of the discussion, we hope that sooner than later an understanding can be arrived in the matter and the process of allocation started without further delay. Undoubtedly the allocation of posts is not the only issue requiring urgent action and immediate resolution by the authorities. The issues like clear cut instruction as to how inter-se seniority is to be fixed as per Supreme Court order, Reversal of the instructions on Casual Labours, Implementation of already approved projects like lap tops to Inspectors, Increased Local Travel expenses to ITI/NS, Mobile handsets, Incremental benefit on promotion, advance increment to STA/Stgr., 6 Air-conditioners per range for staff etc. are still pending. It is in this background the extended Secretariat Meeting arrived at the decision to step into the path of agitation, the program for which is as under :

1. *Mass dharna on 21.01.2014 at all stations where CCIT offices are located.*
2. *Non Co-operation in following areas from 22.01.2014 :*
 - a. *Non-participation in search & seizure operations.*
 - b. *Not to submit any kind of statistical reports.*
 - c. *Not to attend work on holidays and after-office hours.*
3. *Black flag demonstration against Chairperson and Members of CBDT on their visit to any station and walk-out from office on that day.*

Hyderabad
Dt. 20.01.2014

Yours fraternally,

(D. Subba Reddy)
